Reference Documents for General Meeting of Stockholders

Proposals and Reference Matters Thereof

Proposal 1: Disposition of Retained Earnings

The Company strives to improve capital efficiency including through investments in growing business fields while maintaining financial soundness, and concerning the stockholder returns, the Company has a basic policy of paying stable dividends, with the option of stock buybacks depending on capital conditions. Moreover, the Company's medium-term target for a total payout ratio (see Note 1) is at a level of 50% of adjusted consolidated profit (see Note 2) (excluding the domestic life insurance business).

With respect to the year-end dividend of this period, the Company proposes, taking into consideration matters such as financial conditions and the future operating environment, as follows.

Matters concerning year-end dividend:

1. Matters concerning allocation of assets to be distributed to stockholders, and the total amount thereof:

Amount per share of common stock of the Company: ¥40

Total amount: ¥16,166,500,560

As a result of this, the amount of annual dividend of the current period will be 80 yen per share, inclusive of the amount of interim dividend of 40 yen per share.

2. Effective Date of dividend of retained earnings:

June 28, 2016

Notes:

1. Total payout ratio = (total dividend + total stock buybacks) / adjusted consolidated profit (excluding domestic life insurance business)
2. The adjusted consolidated profit shall be the total amount of profit on an adjusted base of the Company group. The adjusted consolidated ROE for the current period calculated based on the adjusted consolidated profit is 7.8%.

* The calculation method for adjusted profit is as follows.

Business Segment	Definition of Business in the Calculation of Adjusted Profit	Method of Calculation of Adjusted Profit
Domestic P&C Insurance Business	Total of Sompo Japan Nipponkoa Insurance Inc., SAISON AUTOMOBILE AND FIRE INSURANCE COMPANY, LIMITED, and Sonpo 24 Insurance Company Limited (each on a non-consolidated basis)	Net income during the period + Provisions for catastrophic loss reserve (after tax) + Provisions for reserve for price fluctuation (after tax) — Gains/losses on sales of securities and impairment losses on securities (after tax) — Special factors
Domestic Life Insurance Business	Sompo Japan Nipponkoa Himawari Life Insurance, Inc.	Growth in embedded value (EV) during the period — Capital transactions such as equity issuance — Changes in EV attributable to fluctuation of interest rates, etc.
Overseas Insurance Business	Overseas insurance subsidiaries	Net income for the period
Financial and Other Services Business	Financial services, nursing care & healthcare, and other services	Net income for the period

* The calculation method for the adjusted consolidated ROE is as follows.

Adjusted consolidated profit ÷ [consolidated net assets (excluding life insurance subsidiaries' net assets) + catastrophic loss reserve (after tax) + reserve for price fluctuation (after tax) + life insurance subsidiaries' Embedded Value (EV)]

*All values in the denominator are the average of the fiscal-year opening and closing balances.

Proposal 2: Partial Amendment to the Articles of Incorporation

1. Reasons for amendment

The Company will entail a structural shift to the best customer service provider predicated on the themes of “security, health, and wellbeing.” It will also signal a major change in focus towards establishing a globally competitive position. To this end, in order to further strengthen the “SOMPO” brand in terms of its focus on “security, health, and wellbeing,” the Company proposes to change its name to “Sompo Holdings, Inc.” effective as from October 1, 2016 by making amendment to Article 1 (Company Name) of current Articles of Incorporation of the Company.

With respect to the effectuation date of the above partial amendment to the Articles of Incorporation, the Company proposes to establish a supplementary provision and to delete it after the lapse of the effectuation date.

2. Particulars of amendment

The particulars of amendment are as set forth below.

Notes:

1. There are no special interests between each candidate and the Company.
2. Ms. Sawako Nohara, Mr. Isao Endo, Ms. Tamami Murata and Mr. Scott Trevor Davis are candidates for outside directors.
The Company has prescribed the “Standards regarding Independence of Outside Directors / Audit & Supervisory Board Members” (see pages 29 to 30). None of the above candidates fall within any of the categories for examination listed in the above-referred standards and each candidate is considered to be independent. Each of the above candidates is an “independent director/auditor” which is specified by Tokyo Stock Exchange, Inc. as being unlikely to have a conflict of interest with general stockholders.
3. Ms. Sawako Nohara served as Independent Audit & Supervisory Board Member of our subsidiary in the past.
4. Ms. Sawako Nohara will have completed three years of service as outside director of the Company at the end of this General Meeting of Stockholders. Mr. Isao Endo, Ms. Tamami Murata and Mr. Scott Trevor Davis will have completed two years of service as outside directors of the Company at the end of this General Meeting of Stockholders.
5. The Company has entered into a contract for limitation of liability, in accordance with Article 427, Paragraph 1 of the Companies Act, with Ms. Sawako Nohara, Mr. Isao Endo, Ms. Tamami Murata and Mr. Scott Trevor Davis, respectively, that limits his or her liability under Article 423, Paragraph 1 of the Companies Act to the Minimum Liability Amount stipulated in Article 425, Paragraph 1 of the Companies Act. If they are reappointed as outside directors, the Company intends to continue said contract with each of them.

Proposal 4: Appointment of One Audit & Supervisory Board Member

The term of office of Mr. Eiichi Yoshimitsu, audit & supervisory board member, will expire at the end of this General Meeting of Stockholders. Accordingly, approval for the appointment of one audit & supervisory board member is requested.

The consent of Audit & Supervisory Board has been obtained. The candidate for the position of audit & supervisory board member is listed below:

■ Policies for Appointments of Officers

The Company has prescribed the “Policies for Appointments of Officers” by resolution of the Board of Directors based on the advice of the Nomination and Compensation Committee, an advisory organ to the Board of Directors. The content of the Policy is set forth as follows.

<Policies for Appointments of Officers>

The appointment of directors, executive officers, and Audit & Supervisory Board members is conducted in accordance with the following policies for appointment of officers. Directors and executive officers are nominated by the Board of Directors based on discussions with the Nomination and Compensation Committee.

Furthermore, in the event that the Board of Directors’ appointment of an Audit & Supervisory Board member is determined by resolution at the General Meeting of Stockholders, an opportunity will be provided in advance for the Board of Directors to discuss the candidate with the Audit & Supervisory Board to seek its approval.

1. Policies for appointment of directors and Audit & Supervisory Board members

The Company supervises and guides its subsidiaries, formulating management strategies for subsidiaries engaged mainly in the P&C insurance business, as well as comprehensive management strategies for the entire Group. The Company is responsible for the execution and realization of these strategies.

From this perspective, the Board of Directors appoints directors based on familiarity with the Company’s business, ensuring a balance between experience and achievements without bias for an area of specialization. To facilitate objective decision making with respect to management issues from a diverse and independent focus and perspective, the Board of Directors includes multiple outside directors with a wide range of knowledge and experience having backgrounds in corporate management, academia, and the legal profession.

The Audit & Supervisory Board consists of Audit & Supervisory Board members appointed on the basis of their solid knowledge of finance and accounting and in consideration of an overall balance of backgrounds in corporate management experience and the legal profession.

Furthermore, the appointment of directors and Audit & Supervisory Board members is based on appointment criteria in consideration of Comprehensive Guidelines for Supervision of Insurance Companies.

The Group formulated outside director independence criteria as a standard for the appointment of outside directors and outside Audit & Supervisory Board members.

It shall be noted that, for the purpose of carrying out substantive discussions, the number of directors shall be limited to 15, and audit & supervisory board members shall be limited to 7, pursuant to the provisions of the Articles of Incorporation.

2. Policies for appointment of executive officers

The Group formulated a “desired image for executive officers” and “Policies for appointment of executive officers” to identify the basic skills and qualifications required and define the balance between experience and achievements when appointing executive officers. In compliance with the policies, executive officers are

appointed.

■ Standards regarding Independence of Outside Directors / Audit & Supervisory Board Members

The Company has prescribed the “Standards regarding Independence of Outside Directors / Audit & Supervisory Board Members” by resolution of the Board of Directors based on the advice of the Nomination and Compensation Committee, an advisory organ to the Board of Directors. The content of the Standards is set forth as follows.

<Standards regarding Independence of Outside Directors / Audit & Supervisory Board Members>

The Company will determine the independence from the Company of outside directors and outside audit & supervisory board members based on the matters set forth below:

1. Personal Relationships: A kinship between the candidate and any Group officer or employee, status of mutual appointments of officers between the Company and the company which the candidate is originally from.
2. Capital Relationships: The holding of shares in the Company by the candidate or the company which the candidate is originally from, holding of shares by the Group.
3. Business Relationships: Business transactions or donations between the Group and the candidate or the company which the candidate is originally from.
4. Other interests.

In the event that a candidate for outside director falls within any of the categories listed below, the Nomination and Compensation Committee, a committee primarily constituted of outside directors, will examine his/her independence. Following final determination by the Board of Directors, a proposal for appointment will be submitted to a general meeting of stockholders of the Company and the Company will submit notification of such outside director as an independent director as prescribed by each relevant Financial Instruments Exchange.

In the case of a candidate for outside audit & supervisory board member, the Audit & Supervisory Board will take into consideration these standards in determining whether to consent to a proposal being submitted to a general meeting of stockholders of the Company for the appointment of audit & supervisory board member.

- (1) The candidate is a spouse, or a relative within the third degree of kinship, of an executive director, executive officer, or employee who holds the position of general manager or higher of the Company or any of its subsidiaries.
- (2) The candidate is originally from a company ^(Note 2) with which the Company has a “mutual appointment relationship of outside director/audit & supervisory board member” ^(Note 1).
- (3) The Company and its subsidiaries hold 5% or more of the shares in the company which the candidate is originally from ^(Note 3).
- (4) The candidate or the company which the candidate is originally from ^(Note 3) holds 5% or more of the shares in the Company.
- (5) The company which the candidate is originally from ^(Note 3) is a major business partner ^(Note 4) for the Company and its subsidiaries.

- (6) The Company and its subsidiaries are major business partners ^(Note 4) for the candidate or the company which the candidate is originally from ^(Note 3).
- (7) The candidate or an organization to which the candidate belongs is an accounting auditor of the Company or any of its subsidiaries.
- (8) The candidate or an organization which the candidate is originally from has received donations from the Company and its subsidiaries totaling 10 million yen or more per year.
- (9) Any other important interests that give rise to doubts as to the independence of the candidate.

Notes:

- 1. “Mutual appointment relationship of outside director/audit & supervisory board member” means appointing a person as an outside director/audit & supervisory board member of the Company from a company in which a person originally from the Company currently serves as an outside director/audit & supervisory board member.
- 2. “Person from a company” means, with respect to any company, a person who currently serves as an executive director, executive officer, or employee holding the position of general manager or higher of such company, or a person who has experience of holding such position in the past 10 years.
- 3. “Company which a person is originally from” means a company in which the person currently serves as an executive director, executive officer or employee holding the position of general manager or higher, or in which the person has experience of holding such position in the past 10 years.
- 4. “Major business partner” means a counterparty in transactions where the amount of such transactions accounts for 2% or more of the consolidated sales (or, in the case of loan transactions, 2% or more of the consolidated assets) of either party to such transactions. Provided that i) in the case of transactions between the candidate personally and the Company and its subsidiaries, this means that an amount of payment (such as remuneration) from the Company and its subsidiaries is 10 million yen or more per year, and ii) in the event that the candidate belongs to an organization that provides professional services (such as lawyers and accountants), this means that an amount of payment (such as remuneration) from the Company and its subsidiaries to such an organization is 10 million yen or more per year.

Proposal 5: Decisions Pertaining to Amounts and Details of Stock Compensation Plan

Currently, remuneration for directors (excluding outside directors) of the Company consists of basic remuneration and stock compensation-type stock option. Among them, the maximum amount of monetary remuneration related to the basic remuneration is as approved at the 1st General Meeting of Stockholders held on June 27, 2011.

Separately from the basic remuneration, this is a proposal to adopt a new stock compensation plan in place of the stock compensation-type stock option of the above remuneration.

This plan is a performance-linked stock compensation plan where the Company's shares will be acquired through a trust established based on the underlying funds contributed by the Company and where the Company's shares and the money equivalent in amount to the value of the Company's shares converted at market value of the Company's shares will be distributed to directors (excluding outside directors) and executive officers of the Company and directors (excluding outside directors) and executive officers of the major group companies of the Company (collectively the "Company's Group Directors") in accordance with the Rules of the Stock Benefit Trust for Directors determined by the Board of Directors of the Company and the major group companies (the "Group") (the trust established through such money trust, the "Trust").

Subject to the approval of this proposal, the stock compensation-type stock option approved at the 1st General Meeting of Stockholders held on June 27, 2011 will be abolished, and new stock acquisition rights as the stock compensation-type stock option will not be issued to the directors of the Company.

1. Reason for the proposal and why the remuneration, etc. is appropriate

This is a proposal to adopt a performance-linked stock compensation plan, "Board Benefit Trust (BBT)," (the "Plan"), for the purpose of increasing awareness of contribution to improve medium- to long-term performance and increase corporate value, by clarifying further the relationship between the remuneration to Company's Group Directors and the performance/stock value, and by having the officers share with the stockholders not only the benefits arising from rising share prices but also the risks associated with falling share prices. The Company regards this proposal as appropriate for this purpose.

As for amounts and details of remuneration, etc. to the directors of the Company, the amount of the remuneration, etc. of the directors (not more than ¥400 million per year, which does not include the employee salary for directors serving concurrently as employees) and the amount of the remuneration to the directors (excluding outside directors) of the Company by stock compensation-type stock option (not more than ¥100 million per year, which does not include the employee salary for directors serving concurrently as employees), were approved at the Company's 1st Annual General Meeting of Stockholders held on June 27, 2011. The Company proposes to abolish the amount of remuneration paid by stock compensation-type stock option, and to pay to the directors (excluding outside directors) under a new stock compensation plan within the framework of 2. below. In addition, the Company would like to ask you to entrust the detail of the Plan to the Board of Directors of the Company within the framework of 2. below.

At present, the number of the directors of the Company to which the Plan is applied

is eight. However, subject to the approval of the Proposal 3, the number of the directors of the Company to which the Plan is applied will be nine.

2. Amount and detail of the remuneration, etc. under the Plan

(1) Detail of the Plan

The Plan is a performance-linked stock compensation plan where the Company's shares will be acquired through a trust established based on the underlying funds contributed by the Company and where the Company's shares and the money equivalent in amount to the value of the Company's shares converted at market value of the Company's shares (the "Company's shares, etc.") will be distributed to the Company's Group Directors in accordance with the Rules of the Stock Benefit Trust for Directors determined by the Board of Directors of the Group. The timing of distribution of the Company's shares, etc. to the Company's Group Directors will be in principle at the time of retirement of the Company's Group Directors.

(2) Persons to whom the Plan is applied

Persons to whom the Plan is applied will be the Company's Group Directors.

(3) Maximum amount of contribution to the Trust by the Company

The Company will adopt the Plan for three fiscal years from the fiscal year ending March 31, 2017 to the fiscal year ending March 31, 2019 (such three-fiscal year period and each succeeding three-fiscal year period shall be respectively referred to as the "Subject Period") and for each Subject Period thereafter. As a fund for the Trust to acquire shares ahead of distribution to the Company Group Officers for the initial Subject Period based on the Plan, the Company will contribute ¥300 million (This does not include the employees salary for directors serving concurrently as employees.) for the directors of the Company, for a total of ¥2,000 million for the Company's Group Directors as the maximum amount (This does not include the employee salary for directors serving concurrently as employees.) to the Trust.

Even after the initial Subject Period, until the end of the Plan, the Company will make an additional contribution to the Trust as the fund to acquire shares as described above for each Subject Period. The amount of such additional contribution will be ¥300 million (This does not include the employee salary for directors serving concurrently as employees.) for the directors of the Company, for a total of ¥2,000 million for the Company's Group Directors as the maximum amount (This does not include the employee salary for directors serving concurrently as employees.).

However, when making such additional contribution, if there remain the Company's shares (excluding the Company's shares equivalent to the points granted to the Company's Group Directors that are undistributed to the Company's Group Directors) and funds (the "Remaining Shares, etc.") in the trust assets at the last day of the Subject Period immediately preceding the Subject Period for which the additional contribution will be made, the total of the amount of the Remaining Shares, etc. (for shares, the market value at the last day of the immediately preceding Subject Period) and the amount of funds additionally contributed will be within the maximum amount approved at this General Meeting of Stockholders.

(4) Acquisition method of the Company's shares and the number of shares acquired by the Trust

The acquisition of the Company's shares by the Trust will be performed through

the stock market, using the funds contributed as described in (3) above. For the initial Subject Period, up to 780 thousand shares shall be acquired, without delay after setting the Trust (in August 2016 as scheduled).

(5) Specific contents of the Company's shares, etc. distributed to the Company's Group Directors

For each fiscal year, the Group will grant the number of points to the Company's Group Directors calculated by comparing the stock value and the consolidated performance with the market, based on the basis point granted according to the duties and responsibilities and the like of the Company's Group Directors. The points granted to the Company's Group Directors will be converted to one share of common stock of the Company per one point when distributing the Company's shares, etc. as described in (6) below.

The total number of points per fiscal year granted to the directors of the Company will be 40 thousand points (equivalent to 40 thousand shares of common stock of the Company) for a total of 260 thousand points to the Company's Group Directors (equivalent to 260 thousand shares of common stock of the Company) at maximum. This has been determined by comprehensively taking into account the current levels of compensation of the Company's Group Directors, the Company's stock prices, developments in the number of the Corporate Group Officers, future outlook and other factors, and has been determined to be appropriate.

However, regarding the Company's shares, if a stock split, an allotment of shares without contribution or a reverse stock split is performed after the resolution of this Proposal, the conversion rate of shares of common stock of the Company per point will be rationally adjusted according to the rate and other factor of such event.

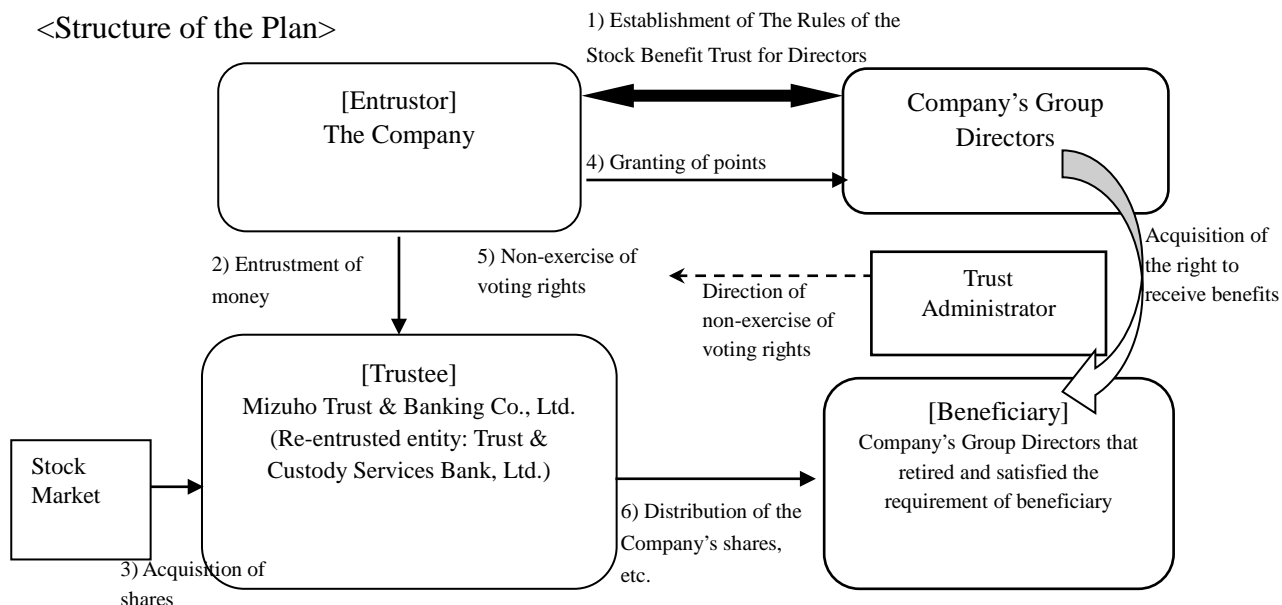

(6) Timing of distribution to the Company's Group Directors

When a Company's Group Director retires and satisfies the requirements of beneficiaries defined in the Rules on Distribution of Shares for Officers, such Company's Group Director is eligible to receive in principle the Company's shares from the Trust after the retirement according to the accumulated points granted before the retirement by performing the designated procedure of determining a beneficiary. However, when he/she satisfies the requirements defined in the Rules on Distribution of Shares for Officers, he/she may receive the payment of money converted by market value for a certain percentage in place of distribution of the Company's shares.

In order to pay money, there are cases when the Company's shares will be sold by the Trust.

Fiscal 2015 Business Report For the Period from April 1, 2015 through March 31, 2016

I. Matters Concerning the Current Status of the Insurance Holding Company

(1) Progress and Results of Business of the Corporate Group

Main Substance of Business of the Corporate Group

At the end of the fiscal year ended March 31, 2016, the Group consisted of Sompo Japan Nipponkoa Holdings, Inc. (the “Company” or “Sompo Japan Nipponkoa Holdings, Inc.” or “we”), 94 companies that are consolidated subsidiaries, and 2 companies that are affiliates accounted for under the equity-method and others. The Group engages in the domestic property and casualty (“P&C”) insurance business, domestic life insurance business, overseas insurance business and financial and other services business. The Group’s main business is the domestic P&C insurance business.

Financial and Economic Environment, and Progress and Results of the Corporate Group for the Fiscal Year under Review

The global economy during the period under review showed signs of weakness as seen by a slowdown in emerging countries, despite a modest recovery overall mainly in developed countries. Weakness continued in the Japanese economy as consumer spending lacked strength, despite a continued moderate recovery trend due mainly to improvement in employment and income conditions. The P&C insurance industry showed signs of improvement in the business environment due primarily to revisions in products and premium rates, despite the impact of typhoons and other natural disasters in Japan.

(Activities of the Company)

The Company has reviewed its organizations in order to enhance response capabilities on a Group global basis, and operates as a holding company by optimally allocating management resources and managing and advising each company within the Group. In addition, the Company is working to further improve corporate governance to achieve the continuous growth of the Group and increase corporate value over the medium- to long-term.

Based on the group management philosophy of “contributing to the security, health, and wellbeing of our customers and society as a whole by providing insurance and related services of the highest quality possible, at all times carefully considering the interests of our customers when making decisions that shape our business”, the Group aims to build a globally competitive organization, powered by a stable position among customers as the

best customer service provider.

Even though FY2015 was the final year of the Management Plan (the previous medium-term management plan) of the Group formulated by the Company in November 2012, the Group recorded adjusted consolidated profit of 215.5 billion yen and adjusted consolidated ROE of 7.8%, thereby achieving the numerical management targets of adjusted consolidated profit of 180.0 to 210.0 billion yen and adjusted consolidated ROE of 7.0% or more (see Note 1) for the fiscal year ended March 31, 2016.

(Domestic P&C Insurance Business)

In the domestic P&C insurance business, Sompo Japan Nipponkoa Insurance Inc. (“Sompo Japan Nipponkoa”) places greatest emphasis on its business strategy target of being the best customer service provider in Japan, and the entire company is working together to achieve this goal. Efforts are also being made to further reinforce the payment structure to provide prompt, timely, and appropriate insurance payments. In addition, we commenced the Future Innovation Project in April 2015 in order to establish a business process to swiftly respond to changes in the future operating environment and market, and continue providing services of the highest quality to customers. With the establishment of SOMPO System Innovations Inc. as a company that develops systems for the above-referred project in October 2015, we will accelerate initiatives.

In addition, SAISON AUTOMOBILE AND FIRE INSURANCE COMPANY, LIMITED and Sonpo 24 Insurance Company Limited are developing a direct marketing business model and have responded to increasingly diverse customer needs.

(Domestic Life Insurance Business)

In the domestic life insurance business, Sompo Japan Nipponkoa Himawari Life Insurance, Inc. (“Sompo Japan Nipponkoa Himawari Life”) launched a new medical insurance product “Shin Kenko no Omamori Heart” in April 2015. The Company started accepting applications on the Internet for the medical insurance products “Shin Kenko no Omamori” and “Feminine” for women in July 2015 in an effort to enhance customers’ convenience.

In addition, in February 2016, Sompo Japan Nipponkoa Himawari Life agreed to take initiatives jointly with Fitbit Inc. of the United States to support the healthy and active life of customers of Sompo Japan Nipponkoa Himawari Life and started testing of operation.

(Overseas Insurance Business)

In the overseas insurance business, as a key part of the Group’s growth strategy, the Company is allocating management resources mainly in countries and regions where profitability and growth can be expected.

Ever since 2014, the Company has steadily expanded the insurance underwriting business of the specialty field mainly in the UK Lloyd's insurance market. The Company, having reorganized reinsurance business in the Group in November 2015, will continue to aggressively develop the overseas insurance business by using Sompo Japan Canopus Reinsurance AG as a platform to expand its reinsurance business.

(Financial and Other Services Business)

In the area of financial and other services business, we are developing the nursing care & healthcare business, the assistant business and the home remodeling business in addition to asset management business and the defined contribution pension plan business.

Particularly in the nursing care & healthcare business, the Company converted Watami no KAIGO Co., Ltd. into a wholly-owned subsidiary and renamed it Sompo Care Next Inc. in December 2015. In addition, the Company made Message Co., Ltd., a leading nursing care service provider, a subsidiary in March 2016, making a full-scale entry into the operation of nursing care business. The Company regards the nursing care & healthcare business as an important business along with the domestic P&C insurance business, the domestic life insurance business and the overseas insurance business from FY2016, and will aim to provide nursing care services of the highest quality by leveraging the Group's extensive networks and the management resources and know-how accumulated through the Group businesses.

(CSR)

From the perspective of corporate social responsibility (CSR), the Group conducts various initiatives across the Group while reviewing material issues with an eye to the new Mid-Term Management Plan and the latest trends of the international community among other factors. In FY2015, we were approved to become a member of the Business Call to Action (BCtA) alliance led by the United Nations Development Programme as the provision of the weather index insurance in Southeast Asia was appreciated, and Sompo Japan Nipponkoa received the Environmental Minister's Award of Principles for Financial Action for the 21st Century by the Ministry of the Environment.

(Diversity)

From the perspective of diversity, the Group has established the Group Personnel Vision and is focusing on empowering women across the Group and utilizing human resources on a global basis. Sompo Japan Nipponkoa promotes diversity with local communities through cross-industrial exchanges throughout Japan and comprehensive partnerships with local governments for the career advancement of women. These initiatives were highly rated,

and Sompo Japan Nipponkoa received the Excellence Award in the Working Women's Empowerment Grand Prize Award sponsored by the Japan Productivity Center.

In addition, we have commenced the Exchange Program in which staff members of the Group companies overseas undergo on-the-job training at the Group companies in Japan, and have been conducting cross-border appointment of personnel.

Performance over the Period under Review

Consolidated financial results of the Company for the period under review were as follows. Ordinary income for this period was 3,256.1 billion yen, representing a decrease of 26.1 billion yen when compared to the previous period. This was reflected by underwriting income of 3,021.0 billion yen, 203.2 billion yen of investment income, and 31.8 billion yen of other ordinary income. Meanwhile, ordinary expenses for the period were 3,039.3 billion yen, representing a decrease of 34.7 billion yen when compared to the previous period. This was reflected by underwriting expenses of 2,526.6 billion yen, investment expenses of 28.2 billion yen, operating, general and administrative expenses of 465.0 billion yen and 19.3 billion yen of other ordinary expenses.

Subtracting ordinary expenses from ordinary income resulted in an ordinary profit of 216.8 billion yen, representing an increase of 8.5 billion yen when compared to the previous period. Net income attributable to stockholders of the parent after extraordinary gain, extraordinary losses and income taxes amounted to 159.5 billion yen, representing an increase of 105.3 billion yen when compared to the previous period.

Non-consolidated financial results of the Company for the period were as follows. The Company had dividends from its subsidiaries of 125.0 billion yen and received management and administration fees of 5.7 billion yen, resulting in operating income of 130.7 billion yen. Ordinary profit amounted to 125.0 billion yen, representing an increase of 91.9 billion yen when compared to the previous period. Net profit amounted to 125.0 billion yen, representing an increase of 91.9 billion yen when compared to the previous period.

Sompo Japan Nipponkoa (on a non-consolidated basis) had net premiums written of 2,218.4 billion yen, representing an increase of 37.1 billion yen when compared to the previous period. Ordinary profit amounted to 178.0 billion yen, representing a decrease of 17.0 billion yen when compared to the previous period, and net income amounted to 126.2 billion yen, representing an increase of 81.2 billion yen when compared to the previous period, due mainly to a record of merger-related cost of 87.1 billion yen to extraordinary losses in the previous period.

The financial results of Sompo Japan Nipponkoa (on a non-consolidated basis) include the results of NIPPONKOA before the merger.

Sompo Japan Nipponkoa Himawari Life had a balance of retained policies of 21,642.1 billion yen as a total of both individual insurance and individual annuities, representing an increase of 599.0 billion yen when compared to the previous period. New policies amounted to 2,240.3 billion yen, representing a decrease of 148.3 billion yen when compared to the previous period. Ordinary profit amounted to 22.5 billion yen and net income amounted to 11.6 billion yen.

Overview of Asset Management

Total consolidated assets at the end of the period amounted to 10,186.7 billion yen. The unrealized gains on securities available for sale, net of tax (net assets), which is unrealized gains on securities available for sale less income taxes, etc., were 825.9 billion yen.

With respect to income and expenses from investment for the period, investment income amounted to 203.2 billion yen after adding and subtracting, inter alia, interest and dividend income, gains on sale of securities, as well as transfers of interest and dividend income on deposits of premiums, etc., while investment expenses such as losses on sales of securities and impairment losses on securities amounted to 28.2 billion yen.

Issues to be Addressed

We expect intermittent and substantial changes in the environment surrounding the Group, such as decreasing population and a rapidly aging society in Japan, the increasing frequency of large-scale natural disasters, the exponential evolution of technology and accompanying changes in customer behavior. In order to achieve sustainable growth, the Group will be required to quickly identify and flexibly and swiftly respond to such changes.

For the purpose of realizing our Group Management Philosophy that aims to provide the highest quality services that contribute to the security, health, and wellbeing of our customers through sustainable growth even amid such changes in the environment, in May 2016, we formulated the new Mid-Term Management Plan that set FY2020 as the final year as the new growth strategy.

Based on the growth cycle that was realized in the previous Mid-Term Management Plan, we will aim to evolve into a group that has both robust and agile capabilities to respond to intermittent environmental changes under the new Mid-Term Management Plan.

The Group will work together as a whole to achieve the numerical management targets of the new Mid-Term Management Plan of adjusted consolidated profit of 180.0 to 220.0 billion yen and adjusted consolidated ROE of 8% or more (see Note 1) for the fiscal year ending March 31, 2019.

For the purpose of realizing the new Mid-Term Management Plan, on October 1, 2016, the Company will change its name to “Sompo Holdings, Inc.” to further strengthen the “SOMPO” brand in terms of its focus on “security, health, and wellbeing.” In conjunction with this, on April 1, 2016, the Company changed its Group management system to establish a robust and agile management framework that can cope with intermittent environmental changes. Under the newly adopted Group management system, the heads of each business segment (domestic P&C insurance, domestic life insurance, nursing care & healthcare, and overseas insurance) are delegated authority as business owners for business strategy proposals, investment decisions, and talent deployment. We have introduced this “business owner system” where the business segments, which are closer to customers, will cope with major environmental changes through agile decision-making and business execution.

We will make ongoing efforts as a Group to increase corporate value by providing the highest quality services that contribute to security, health, and wellbeing of customers. We very much look forward to the further support of all of our stockholders in the future.

Policies on Decisions Pertaining to the Amounts of Remuneration of Officers, or the Method of Calculation Thereof

The Company determines its “Policies on Decisions Pertaining to Remuneration for Officers” by resolution of the Board of Directors, based on the results of consultation with the nomination and compensation committee which is an advisory organ to the Board of Directors. The following is the content thereof:

<Policies on Decisions Pertaining to Remuneration for Officers>

Remuneration for directors, executive officers, and audit & supervisory board members shall in the case of remuneration of directors and executive officers be determined by the Board of Directors after consultation with the nomination and compensation committee, and in the case of remuneration of audit & supervisory board members be determined through discussion between the audit & supervisory board members, in accordance with the policies on decisions pertaining to remuneration for officers.

1. Basic Policy

Remuneration for directors and executive officers shall be in the form of a remuneration structure that gives them continuous incentive toward improving the Company’s performance and contributes to improving corporate value over the long term, and shall be a level of remuneration that enables recruiting of superior human resources, as indicated in items 2. and 3. below. Objectiveness and transparency will be achieved by determining the specific level after deliberation by the nomination and compensation committee composed primarily by outside members.

In principle the same structure shall be used for the structure of remuneration of directors and executive officers of subsidiaries.

Remuneration of audit & supervisory board members shall be in the form of a remuneration structure and level that is consistent with their duties and responsibilities, while taking into consideration their independence.

2. Remuneration for Directors

Remuneration of directors shall consist of basic remuneration and stock compensation-type stock options.

Basic remuneration shall consist of monthly remuneration and performance-linked remuneration. Monthly remuneration shall be determined at a fixed amount depending on whether the person is an outside or internal director, or does or does not have authority to represent the company.

Performance-linked remuneration shall be determined in accordance with the performance of the Company, and shall be determined using the benchmarks of the adjusted consolidated profit, net income for the period (consolidated) and the rate of increase or decrease in net assets per share.

Stock compensation-type stock options shall be awarded in order to increase the linking between remuneration and increases in corporate value over the long term.

Nevertheless stock compensation-type stock options and performance-linked remuneration will not be paid to outside directors.

Remuneration as a director and remuneration as an executive officer shall be totaled and paid together to those directors who are serving concurrently as executive officers.

3. Remuneration for Executive Officers

Remuneration of executive officers shall consist of basic remuneration and stock compensation-type stock options.

Basic remuneration shall consist of monthly remuneration and performance-linked remuneration. Monthly remuneration shall be determined at a fixed amount based on the position of the executive officer. Performance-linked remuneration shall be determined in accordance with corporate performance and individual performance. Corporate performance-linked remuneration shall be determined using the benchmarks of the adjusted consolidated profit, net income for the period (consolidated) and the rate of increase or decrease in net assets per share. Individual performance-linked remuneration shall be determined in accordance with the performance evaluation of executive officers. Stock compensation-type stock options shall be awarded in order to increase the linking between remuneration and increases in corporate value over the long term.

4. Remuneration for Audit & Supervisory Board Members

Remuneration of audit & supervisory board members shall be determined at a fixed amount through discussion between the audit & supervisory board members, depending on whether the audit & supervisory board member is full time or independent.

-- End

Overview of the Status of Implementation of the System to Ensure the Appropriate Performance of the Business Operations is outlined as follows.

(1) Internal Control System as a Whole

In order to inspect the status of development and implementation of its internal control system and in efforts to improve the system, the Company has established the Internal Control Committee, made up of Officer-level personnel, as an advisory organ to the Board of Directors. The Committee inspects the status of the fulfillment of functions of the Group's internal control system based on the events, occurring both inside and outside of the Group, to which the effectiveness in the application of internal control may potentially be questioned. The Committee also monitors the status of initiatives toward enhancing and strengthening the internal control system, and provides advice to the Board of Directors on how to improve the system if necessary.

(2) System to Control the Group Companies

- The Company carries out management of the Group companies in order to enhance corporate value of the Group as a whole by way of approving important matters such as management plans for the Group companies, receiving reports from the Group companies including the progress of the plan and occurrence of risk events, and taking effective measures as needed in accordance with the approval and reporting system.
- The Company strives to ensure appropriate business operations of the Group companies by verifying the status on the development and implementation of the systems for each of the Group companies that are established based on various basic policies of the Group, and providing guidance to each of the companies as needed.

(3) Compliance System

- The Company sets out policies for promoting the Group's compliance annually, and makes all of the Group companies to be thoroughly aware of such policies. Each company of the Group takes its own initiatives to enhance compliance in a systematic manner based on the established policies.
- The Company and Group companies endeavor to detect legal violations and other inappropriate events at an early stage by developing structures such as the internal reporting system and internal audit system.
- In regard to internal reporting, the Company has established the Compliance Hotline, a third-party body, as an internal reporting contact point for the entire Group. The Company strives to increase its effectiveness by making the entire Group to be thoroughly aware of this internal reporting contact point as well as the rules on how to put into place the internal reporting system including the prohibition on treating whistleblowers unfavorably.
- Each of the Group companies, upon finding any inappropriate event, takes appropriate measures within the company where such event occurred. The Company also verifies the appropriateness of the countermeasures taken, and provides assistance and guidance as required upon receiving reports on the relevant event.
- The Company convenes meetings of the Compliance Committee on a regular basis, deliberates on the progress in the compliance enhancement including the status of measures to address compliance challenges, and examines the efficiency of the efforts

taken place.

(4) System Regarding Enterprise Risk Management (ERM)

- The Company makes the Group companies to be thoroughly aware of its management strategies and Group Basic Policy on ERM. Each company of the Group establishes strategic risk management systems suitable for the nature of its operation, corporate scale and characteristic, such as developing basic policies and rules pursuant to the Group Basic Policy on ERM.
- The Company sets out its business plan taking the Group Risk Appetite Statement into consideration, and allocates its capital to each business unit based on the growth potential and profitability. Each business unit manages its business in accordance with risk tolerance of allocated capital in an attempt to achieve profit objectives established in the business plan. The Company carries out ERM based on the principle of the PDCA cycle, in which changes in the operating environment and progress in plans are periodically reviewed and the plans and capital allocations are revised as needed.
- The Company identifies significant risks arising from various sources based upon the fundamental of risk assessment, builds and operates risk control processes which performs analysis, evaluation and control. For especially significant risks, risk owners (Director class) are identified in an effort to clarify the scope of responsibility in terms of the implementation of response measures and its progress in order to improve the effectiveness of risk control processes.
- The Group ERM Promotion Committee is tasked with holding management discussions regarding executing and increasing the efficacy of ERM. The Risk Management Committee is tasked with holding management discussions regarding the establishment and maintenance of risk management positions that function on a Group basis.

(5) Structure for the Execution of Duties by Directors

- The Company sets out mid-term management plans and fiscal year plans for the Group, which are shared by the Group companies. Each company of the Group sets out its own mid-term management plans and fiscal year plans that are consistent with plans made on a Group basis, so as to ensure the Group-wide cohesiveness.
- Matters that may significantly affect the Group management, such as subsequent mid-term management plan and decisions on policies for M&A, are duly deliberated at meetings of the relevant subject-specific committees and the Executive Management Meeting in order to enhance the efficiency and effectiveness of resolutions by the Board of Directors.

(6) Audit System by the Audit & Supervisory Board Members

- In order to ensure the effectiveness of audit by the Audit & Supervisory Board Members, the Company establishes an Audit & Supervisory Board Members' office that is independent from commands and orders given by Directors, etc., and appoints exclusive staff.
- The Company formulates rules concerning the reporting to the Audit & Supervisory Board Members, who receive reports from Officers and Employees on primarily the status of their duty execution periodically. In addition, reports are made promptly on matters requested by the Audit & Supervisory Board Members.
- The Company ensures opportunities for the Audit & Supervisory Board Members to

express opinions by attending the Executive Management Meeting and other important meetings that are deemed necessary by themselves.

- The Company ensures opportunities for the Audit & Supervisory Board Members to exchange information with the accounting auditor and internal audit sections on the audit results, etc., which helps the Audit & Supervisory Board Members to conduct audit in an efficient and effective manner.
- The Company convenes periodic meetings where the Audit & Supervisory Board Members meet with Representative Directors to exchange opinions regarding the recognition of the Group's important issues. The Audit & Supervisory Board Members also perform onsite audit, etc. at the Group companies, and exchange information with the representative, etc. and audit & supervisory board members of the respective companies.

Pursuant to Article 444, Section 4 of the Companies Act, we have audited the accompanying consolidated financial statements, which comprise the consolidated balance sheet, the consolidated statement of income, the consolidated statement of changes in net assets and the notes to the consolidated financial statements of Sompo Japan Nipponkoa Holdings, Inc. (the "Company") applicable to the fiscal year from April 1, 2015 through March 31, 2016.

Management's Responsibility for the Consolidated Financial Statements

Management is responsible for the preparation and fair presentation of these consolidated financial statements in accordance with accounting principles generally accepted in Japan, and for designing and operating such internal control as management determines is necessary to enable the preparation and fair presentation of the consolidated financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these consolidated financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in Japan. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the consolidated financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the consolidated financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the consolidated financial statements, whether due to fraud or error. The purpose of an audit of the consolidated financial statements is not to express an opinion on the effectiveness of the entity's internal control, but in making these risk assessments the auditor considers internal controls relevant to the entity's preparation and fair presentation of the consolidated financial statements in order to design audit procedures that are appropriate in the circumstances. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of accounting estimates made by management, as well as evaluating the overall presentation of the consolidated financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the consolidated financial statements referred to above present fairly, in all material respects, the financial position and results of operations of the Sompo Japan Nipponkoa Group, which consisted of the Company and consolidated subsidiaries, applicable to the fiscal year ended March 31, 2016 in conformity with accounting principles generally accepted in Japan.

Conflicts of Interest

We have no interest in the Company which should be disclosed in compliance with the Certified Public Accountants Act.

Sompo Japan Nipponkoa Holdings (Americas) Inc. changed its name to Sompo America Holdings Inc. on June 4, 2015, and Canopius Reinsurance Limited changed its name to Sompo Japan Canopius Reinsurance AG on November 23, 2015, respectively.

(2) Names of major non-consolidated subsidiaries

Names of major non-consolidated subsidiaries

Sompo Japan Nipponkoa Insurance (Thailand) Public Company Limited

Sompo Japan Nipponkoa Corporate Member Limited

As the non-consolidated subsidiaries do not have a material impact on reasonable judgment about the financial conditions and results of operations of the Sompo Japan Nipponkoa Group ("SOMPO HOLDINGS") in terms of total assets, ordinary income, net income or loss and retained earnings, etc. to the extent of equity position of the Company, they are excluded from the scope of consolidation.

2. Application of the equity method

(1) Number of affiliates accounted for under the equity method: 2 companies

Hitachi Capital Insurance Corporation

Universal Sompo General Insurance Company Limited

(2) The non-consolidated subsidiaries and affiliates (Sompo Japan Nipponkoa Insurance (Thailand) Public Company Limited and Sompo Japan Nipponkoa Corporate Member Limited, etc.) do not have a material impact on the consolidated financial statements in terms of net income or loss and retained earnings, etc. to the extent of the equity position of the Company even if they are excluded from the scope of the equity method, and they do not have a material impact as a whole. Therefore they are excluded from the scope of the equity method.

(3) The Company holds 26.6% of voting rights of Japan Earthquake Reinsurance Co., Ltd. ("J.E.R.") through its domestic consolidated property and casualty insurance subsidiaries. As J.E.R. is engaged in public business and the Company is not considered to have a material impact on J.E.R.'s decisions of finance, promotion and business strategy, J.E.R. is excluded from affiliates.

3. The fiscal year of consolidated subsidiaries

The balance sheet dates of the foreign consolidated subsidiaries are December 31. As the difference between the balance sheet dates and the consolidated balance sheet date does not exceed three months, the financial statements as of December 31 are used for the preparation of the consolidated financial statements.

Necessary adjustments are made for the significant transactions during the periods from the balance sheet dates of the subsidiaries to the consolidated balance sheet date.

4. Accounting policies

(1) Valuation policies and methods for securities

- (a) Trading securities are carried at fair value.
Cost of sale is calculated based on the moving-average method.
- (b) Bonds held to maturity are carried at amortized cost based on the moving-average method.
- (c) Policy reserve matching bonds are carried at amortized cost based on the moving-average method in accordance with “Temporary Treatment of Accounting and Auditing Concerning Policy Reserve Matching Bonds in the Insurance Industry” (Japanese Institute of Certified Public Accountants Industry Audit Practice Committee Report No.21).
The outline of risk management policy in relation to policy reserve matching bonds is as follows.
Domestic consolidated life insurance subsidiary sets up the sub-category for individual insurance depending on line of business and investment policy, etc., and follows the management policy to match the duration of the policy reserve in the sub-category with the duration of policy reserve matching bonds within a certain range.
- (d) Stocks of non-consolidated subsidiaries and affiliates that are not accounted for under the equity method are carried at cost based on the moving-average method.
- (e) Securities available for sale (excluding securities available for sale which are considered extremely difficult to figure out their fair value) are carried at fair value based on the market price and other factors at the end of the fiscal year. Unrealized gains and losses are directly included in net assets and cost of sale is calculated based on the moving-average method.
- (f) Securities available for sale which are considered extremely difficult to figure out their fair value are carried at cost based on the moving-average method.
- (g) Securities managed as trust assets in individually operated money trusts for primarily trading purposes are carried at fair value.
- (h) Securities managed as trust assets in individually operated money trusts classified as other than trading purposes or held to maturity are carried on the same basis as that of securities available for sale.

(2) Valuation policies and methods for derivative transactions

Derivative transactions are carried at fair value.

(3) Depreciation methods of significant depreciable assets

- (a) Tangible fixed assets (excluding leased assets)
Depreciation of tangible fixed assets (excluding leased assets) held by the Company and its domestic consolidated subsidiaries is calculated by using the declining-balance method, except for buildings (excluding fixtures attached to

buildings) acquired on or after April 1, 1998 whose depreciation is calculated by using the straight-line method.

Depreciation of tangible fixed assets (excluding leased assets) held by the foreign consolidated subsidiaries is mainly calculated by using the straight-line method.

(b) Intangible fixed assets

Amortization of software for internal use held by the consolidated subsidiaries is calculated by using the straight-line method based on the estimated useful lives.

(c) Leased Assets

Leased assets under finance lease transactions that are not deemed to transfer ownership of the leased assets to the lessee for the domestic consolidated subsidiaries have been depreciated using the straight-line method over the period of the lease.

(4) Accounting policies for significant reserves

(a) Allowance for possible credit losses

In order to provide for losses from defaults, the domestic consolidated insurance subsidiaries establish allowance for possible credit losses in accordance with the internal standards for self-assessment of assets and the policy of write-off and provision.

For claims against debtors that have legally, formally or substantially entered into bankruptcy, special liquidation or whose notes have been under suspension at clearing houses, allowances are provided based on the amount remaining after deduction of the estimated collectable amounts by the disposal of collateral and by guarantees.

For claims against debtors that are highly likely to go bankrupt in the future, allowances are provided based on the amount considered necessary according to overall solvency assessment of the debtor, after deduction of estimated collectable amounts by disposal of collateral and by guarantees.

For claims other than those described above, allowances are provided based on the amount of claims multiplied by the default rate, which is calculated based on historical credit loss experience for a certain period in the past.

The departments responsible for respective assets assess relevant claim in accordance with the internal standards for self-assessment of assets. The asset auditing department independently reviews the results and allowances are provided based on the reviewed results.

The other consolidated subsidiaries determine mainly the collectability of the receivables respectively to provide allowances to cover the estimated future losses.

(b) Reserve for retirement benefits to directors

In order to provide for retirement benefits to directors, the domestic consolidated subsidiaries record the amount deemed accrued at the end of the fiscal year based on internal regulations.

(c) Reserve for bonus payments

In order to provide for employees' bonus payments, reserve for bonus payments is recorded, with the amount to be paid estimated at the end of the fiscal year.

(d) Reserve for bonus payments to directors

In order to provide for directors' bonus payments, reserve for bonus payments to directors is recorded, with the amount to be paid estimated at the end of the fiscal year.

(e) Reserve for price fluctuation

In order to provide for possible losses arising from price fluctuation of stock, etc., the domestic consolidated insurance subsidiaries set aside reserves under Article 115 of the Insurance Business Act.

(5) Methods of accounting procedures for retirement benefits

(a) Allocation method of projected retirement

Benefit formula method is mainly used for calculating retirement benefit obligation as the method for attributing projected retirement benefits to the end of the current consolidated fiscal year.

(b) Amortization method of actuarial difference and prior service costs

Actuarial difference is mainly amortized from the following fiscal year by using the straight-line attribution method over certain years (10 to 11 years) within the average remaining service years of employees in each fiscal year when the difference occurs.

Prior service costs are mainly amortized by using the straight-line method over certain years (5 years) within the average remaining service years of employees at the time of occurrence.

(6) Significant hedge accounting

Generally the consolidated subsidiaries apply the exceptional treatment for certain interest rate swaps to hedge cash flow fluctuation risk of floating-rate loans and bonds to the extent that such transactions meet the conditions required for the application of the exceptional treatment.

The deferred hedge accounting method is applied to interest rate swaps to hedge interest rate fluctuation risk related to long-term insurance contracts based on "The Accounting and Auditing Treatment on the Application of the Financial Products Accounting Standard to the Insurance Industry" (Japanese Institute of Certified Public Accountants Industry Audit Practice Committee Report No. 26, hereafter "Industry Audit Practice Committee Report No. 26").

The consolidated subsidiaries apply the fair value hedge accounting method to equity swaps for hedging the future stock price fluctuation risks.

Generally the fair value hedge accounting method is applied to forward foreign exchanges, currency options and currency swaps in order to reduce foreign exchange rate fluctuation risk on foreign currency denominated assets, etc. The assignment accounting as an exceptional treatment is applied to certain transactions to the extent that such transactions meet the conditions required for application of the assignment accounting. Deferred hedge is applied to the part of foreign exchange forward contracts to fix yen denominated cash flow from foreign currency denominated forecast transactions. The assignment accounting is applied

to currency swaps in order to reduce foreign exchange rate fluctuation risk on foreign currency denominated corporate bonds issued by the domestic consolidated insurance subsidiary.

Hedge effectiveness is assessed by periodically comparing the accumulated fluctuations of the market value or cash flows of the hedged item to those of the related hedging instrument for the period from the commencement of the hedge to the date of assessment.

However, when the significant conditions are shared among the hedged item and the hedging instrument and its effectiveness is obviously considered high, when interest rate swaps meet requirements for applying the exceptional treatment or when certain transactions fulfill the required conditions to apply the assignment accounting, the assessment of the hedge effectiveness is omitted.

The hedge effectiveness of interest rate swaps based on Industry Audit Practice Committee Report No. 26 is assessed by monitoring the interest rates which impact the calculation of theoretical prices of both insurance liabilities as hedged item and interest rate swaps as hedging instrument which are grouped by different remaining periods.

(7) Method and period of amortization of goodwill

Goodwill is amortized in equal installments over 10 to 20 years.

Immaterial amounts of goodwill are amortized at one time.

(8) Accounting methods for consumption taxes

The Company and its domestic consolidated subsidiaries account for consumption taxes by using the tax-excluded method, except for the domestic consolidated insurance subsidiaries' expenses such as loss adjustment expenses and operating, general and administrative expenses mainly under the tax-included method.

Non-deductible consumption taxes relating to assets are mainly included in other assets and amortized in equal installments over 5 years.

(Changes in accounting policies)

The Company has applied the "Accounting Standard for Business Combinations" (Accounting Standards Board of Japan Statement No. 21, September 13, 2013, the "Business Combinations Accounting Standard"), the "Accounting Standard for Consolidated Financial Statements" (Accounting Standards Board of Japan Statement No. 22, September 13, 2013, the "Consolidation Accounting Standard") and the "Accounting Standard for Business Divestitures" (Accounting Standards Board of Japan Statement No. 7, September 13, 2013, the "Business Divestitures Accounting Standard") effective from the fiscal year ended March 31, 2016. Under these accounting standards, the Company has implemented new accounting methods where differences due to changes in the Company's ownership interests in subsidiaries continuously under control are accounted for as capital surplus and where acquisition-related costs are accounted for as expenses for the fiscal year when the costs incurred. Regarding business combinations occurring at or after the beginning of the fiscal year ended March 31, 2016, the Company has accounted separately for amounts of impact on the balance at the beginning of the period on which the revision is conducted, and has also changed the method which be noted the balance at the beginning of the period reflected amounts of impact on this revision if the reviewed allocation of acquisition costs due to the finalization of the provisional accounting treatment were implemented in the next year of the business combination. In addition, the Company changed the presentation of net income and other related items, and minority interests are now presented as non-controlling interests.

In accordance with the transitional accounting treatments prescribed in paragraph 58-2 (3) of the Business Combinations Accounting Standard, paragraph 44-5 (3) of the Consolidation Accounting Standard and paragraph 57-4 (3) of the Business Divestitures Accounting Standard, the cumulative effect up to the beginning of the fiscal year ended March 31, 2016 by applying retroactively those new accounting standards to all the past years was added, or subtracted from, capital surplus and retained earnings.

The effects of those accounting standards on the beginning of the fiscal year ended March 31, 2016 were a decreased in goodwill of 12,160 million yen and capital surplus of 27,041 million yen and an increased in retained earnings of 15,624 million yen. As a result, ordinary profit and net income before income taxes for the fiscal year ended March 31, 2016 increased by 964 million yen each.

Due mainly to reflection of cumulative effects in net assets at the beginning of the fiscal year ended March 31, 2016, capital surplus at the beginning of the period in consolidated statement of changes in net assets decreased by 27,041 million yen and retained earnings at the beginning of the period increased by 15,624 million yen.

(Additional information)

"Act on Partial Amendment to the Income Tax Act, etc." (Act No. 15, 2016) was passed by the Diet on March 29, 2016, which stipulates a reduction in the corporate tax rate to be enforced from the fiscal year beginning on or after April 1, 2016.

Accordingly, the effective statutory income tax rate to calculate deferred tax assets and deferred tax liabilities has been changed from previous 28.8%. The rate for temporary differences expected to be reversed in the fiscal year beginning on April 1, 2016 and April 1, 2017 is 28.2%, whereas the rate for temporary differences expected to be reversed in the fiscal year beginning April 1, 2018 onwards is 27.9%.

As a result of this change in the corporate tax rate, the net amount of deferred tax liabilities (net of deferred tax assets) decreased by 2,108 million yen, underwriting reserves decreased by 547 million yen, deferred income taxes increased by 7,575 million yen and net income attributable to shareholders of the parent decreased by 7,029 million yen.

Notes on financial instruments

1. Overview of financial instruments

(1) Our policy to manage financial instruments

As SOMPO HOLDINGS is mainly engaged in insurance businesses and recognizes the characteristic of investment fund for the insurance company, SOMPO HOLDINGS manages the investment asset taking into consideration safety, liquidity and profitability. Further, in order to appropriately manage investment assets related to long-term insurance liabilities related to life insurance and savings-type insurance, SOMPO HOLDINGS intends to stabilize returns for the future maturity refunds to policyholders by the methodology based on ALM (integrated management of assets and liabilities). In addition, with a view to strengthen the financial structure, the consolidated subsidiary increased its capital substantively by the issuance of subordinated bond (i.e. hybrid finance) which is deemed as capital to some extent by major credit rating agencies.

(2) The nature and risk of financial instruments

As financial instruments which SOMPO HOLDINGS holds are mainly securities such as bonds and stocks, SOMPO HOLDINGS is exposed to risks (market risks) associated with price fluctuations of investments, which are influenced by stock prices, interest rates and foreign exchange rates, as well as risks (liquidity risks) that securities may not be traded or may be forced to be traded at far more unfavorable prices than under normal conditions due to a market crisis and the like.

In addition, the securities and the loans which SOMPO HOLDINGS holds are exposed to credit risk which would cause a significant decrease in their value or uncollectible interest and principal due to the reasons such as deterioration of creditworthiness and bankruptcy of the issuer and the borrower.

Regarding derivative transactions, SOMPO HOLDINGS utilizes derivatives to hedge risks on assets held. These also involve market risks and credit risks.

Please refer to the note on “(6) Significant hedge accounting” in “4. Accounting policies” in “Significant Accounting Policies for the Preparation of the Consolidated Financial Statements” for derivative transactions which hedge accounting is applied to.

(3) The risk management systems regarding financial instruments

The Company has established the risk management systems to appropriately identify, evaluate and control risks and accurately respond when risks emerge through strategic risk management (ERM) designed to maximize Group's corporate value, as described below.

With the aim of maintaining strategic risk management, the company's board of directors has established the “Group Basic Policy on ERM”, which sets forth principles for accurately assessing the group-wide status of risk exposure and managing the various types of risk in a comprehensive manner. With the aim of enabling appropriate management decision making based upon assessment of group-wide risk, the company established Group ERM promotion committee and others. Moreover, the Risk Management Department was established to promote the Company's efforts to develop and enhance its risk management systems.

Through the investment risk model, the Company manages market risk, credit risk and real estate investment risk. In addition, the Company comprehensively manages risks, including the risk of invested assets failing to yield assumed interest rates with regard to insurance liabilities related to savings-type insurance held by its insurance subsidiaries. The Company obtains investment asset information on a daily basis and quantifies investment risks. Further, the company utilizes risk management by setting stress scenarios to cover events that could cause a material impact on Group's operations, and performing stress tests to assess and measure risks comprehensively.

As to credit risks, in order to avoid concentrating the risks on specific borrowers, the

Company has set credit limits and manages the risks appropriately for the whole Group. As to liquidity risks, the Company has developed systems for its insurance subsidiaries to forecast payments for claims, etc. upon occurrence of liquidity risk scenarios, such as outbreak of catastrophe, and to ensure liquidity assets so as to adequately secure enough to cope with these payments.

Each Group member has basic policies and rules on risk management formulated in reference to the Group Basic Policy on ERM, thereby developing risk management systems appropriate to the content, scale, and characteristics of their particular business activities and implementing autonomous risk management. In addition, insurance subsidiaries place considerable emphasis on managing various types of risk in ways tailored to their particular risk profile. By doing so, these subsidiaries are appropriately addressing risks that could significantly affect their operations.

(4) Supplemental explanation about the fair value of financial instruments

Other than the fair value of financial instruments based on the market price, fair value calculated reasonably is included if the market price is not obtainable. In view that certain assumption is employed to measure the fair value, the resulting value might differ depending on the assumption to be applied.

2. Fair value of financial investments

Carrying amount, fair value and unrealized gains and losses as of March 31, 2016 are as follows. Meanwhile, financial instruments which are considered extremely difficult to figure out their fair value are not included in the following table. (Please refer to Note 2 for details.)

Notes)

1. Calculation methods for the fair value of financial instruments

Assets

(1) Cash and deposits

As all are short term and the fair value approximates the book value, the book value is presented as the fair value.

(2) Receivables under resale agreements

As all are short term and the fair value approximates the book value, the book value is presented as the fair value.

(3) Monetary receivables bought

The fair value is based on the price quoted by counterparties.

(4) Money trusts

The fair value of the financial instruments managed as trust asset is as follows. As bank deposit, etc. are short term and their fair value approximates the book value, the book value is presented as the fair value. The fair value of the domestic bonds is based on the price at exchanges, the price released by Japan Securities Dealers Association and the price quoted by counterparties and others. The fair value of the domestic stocks is based on the price at exchanges. In addition, the fair value of foreign securities is based on the price at exchanges and others.

(5) Securities

The fair value of the domestic bonds is based on the price at exchanges, the price released by Japan Securities Dealers Association and the price quoted by counterparties. The fair value of the domestic stocks is based on the price at exchanges. In addition, the fair value of foreign securities is based on the price at exchanges, the price quoted by counterparties and others.

(6) Loans

The fair value is the amount of future collection cash flow of each loan which is discounted by the risk free rate for the corresponding period, adding credit risk premium and liquidity premium thereto. For the loans categorized as loans to borrowers in bankruptcy legally or substantially and borrowers who are highly probable to go bankrupt in the future, the fair values are the carrying amount less current estimated credit losses. Because the estimated credit losses are calculated based on the amount expected to be covered by collateral and guarantee, the fair value approximates the said amount.

Liabilities

(1) Corporate bonds

The fair value is based on the price at exchanges and others.

Derivative transactions

The fair value of forward foreign exchanges is calculated by using forward exchange rate.

The fair value of currency swaps is based on the price quoted by counterparties. In

addition, currency swaps such as forward foreign exchanges to which assignment accounting is applied are accounted for together with foreign currency denominated corporate bonds that are subject to hedging. Therefore, their fair value is included in the fair value of the corporate bonds.

The fair value of currency option transactions is based on the price quoted by counterparties.

The fair value of interest rate futures is based on the closing price at major exchanges.

The fair value of interest rate swaps is based on the price calculated by discounting future cash flow to the present value.

The fair value of equity index futures is based on the closing price at major exchanges.

The fair value of bond futures is based on the closing price at major exchanges.

The fair value of weather derivatives is calculated based on the contract term and other elements of the contract.

The fair value of earthquake derivatives is calculated based on the contract term and other elements of the contract.

2. The financial instruments which are considered extremely difficult to figure out their fair value are as follows. These financial instruments are not included in “(5) Securities.”

Category	Carrying amount (millions of yen)
Domestic stocks	46,274
Foreign securities	21,550
Others	7,976
Total	75,802

As domestic stocks are unlisted stocks and do not have quoted market prices, they are not included in the scope of fair value disclosure.

As foreign securities are unlisted stocks or investments mainly in unlisted stocks and do not have quoted market prices, they are not included in the scope of fair value disclosure.

As others are investments mainly in real estate or in unlisted stocks and do not have quoted market prices, they are not included in the scope of fair value disclosure.

Corporate Governance Policy of Sompo Japan Nipponkoa Holdings, Inc. (the “Company”)

This policy establishes the framework and operational policy underpinning the basic views on corporate governance of the Sompo Japan Nipponkoa Group (hereinafter “the Group”).

1. Basic Views on Corporate Governance

We will at all times carefully consider the interests of our customers when making decisions that shape our business. We will strive to contribute to the security, health, and wellbeing of our customers and society as a whole by providing insurance and related services of the highest quality possible.

Following the principles of the Group management philosophy, the Group considers value creation for stakeholders in the administration of its business and maintains and enforces the Group Action Guidelines as the standard of behavior for the Group employees in Japan and worldwide with the business objectives of realizing sustainable business growth to increase corporate value and fulfilling its mission to be the best customer service provider both at home and abroad.

The Group considers continually improving the transparency and fairness of the Group’s corporate governance and fulfilling its corporate social responsibility as essential to maintaining strong relations of trust with stakeholders. The Board of Directors has accordingly established the Corporate Governance Policy to clarify basic policies regarding the formation of the overall vision for the governance structure and the governance framework. We continue to improve our corporate governance and aim to establish optimal systems.

2. Overall Governance Organization

The Company has elected to be a company with an Audit & Supervisory Board and maintains and promotes effective oversight and auditing functions using a system of corporate governance comprising the Board of Directors, which makes important management decisions and oversees business execution, and Audit & Supervisory Board members and an Audit & Supervisory Board that are independent from the Board of Directors.

The Company also utilizes business owner system and executive officer system to enable swift decision-making and to ensure the clarity of authority and responsibility.

The Board of Directors sets the Basic Policy on Internal Controls, which serves as the foundation for the Basic Policy for Group Management. These policies provide the framework for a highly transparent governance structure for the Company and Group companies.

To ensure transparency in the appointment and treatment of directors, the chairman and a majority of the members of the Nomination and Compensation Committee, an advisory organ to the Board of Directors, are outside directors.

3. Directors and the Board of Directors

(1) Role of directors and the Board of Directors

The Board of Directors performs its duties as stipulated by law, establishes important items for management, and serves a supervisory function overseeing the conditions of business execution.

The Board of Directors meeting, in principle, convenes on a monthly basis and comprises an appropriate number of members to realize swift decision-making.

Preliminary briefing sessions are held with outside directors to provide details about the discussion agenda with specific emphasis on the key agenda items. The integration of the Board of Directors meeting and preliminary briefing session, which includes communicating the opinions, questions, and other comments expressed by the outside directors at the preliminary briefing sessions to all attending directors before the Board of Directors meeting, is intended to facilitate constructive deliberations at the Board of Directors meeting and ensure the effectiveness of the Board of Directors operations. Steps including convening meetings of the outside directors and the Group CEO are implemented to facilitate open exchange of opinions between the outside directors and the chief executive.

The directors apply their accumulated knowledge and experience to the key issues for the Company to realize the proper execution of fair and effective executive management.

(2) Directors numbers, composition, and term of office

The number of directors shall not exceed 15, as stipulated in the Articles of Association. When establishing the stipulation that the number of directors shall not exceed 15, the Company took into account the need for swift and appropriate decision-making and the scope of duties to be performed by the Board of Directors.

Outside directors are corporate managers or other people with extensive experience and a wide range of perspectives able to apply outside viewpoints to various issues, including legal affairs, consumer needs, and overseas business development.

To ensure full clarity of responsibility related to business matters in each fiscal year, a director's tenure ends at the close of the Ordinary General Meeting of Stockholders held within the latest fiscal year that is within one year of the appointment.

4. Audit & Supervisory Board Members and Audit & Supervisory Board

(1) Role of the Audit & Supervisory Board members and Audit & Supervisory Board

Audit & Supervisory Board members audit the work performance of the directors through such activities as auditing the construction and maintenance conditions of the Group internal control system and providing effective advice and recommendations to senior management that promotes the Group's sustainable growth and increases the corporate value over the medium- and long-term.

The Audit & Supervisory Board establishes the audit standards, basic policy on audits, and auditing programs to make the above auditing activities functional and effective and systematically conduct auditing operations.

The Audit & Supervisory Board sets an annual meeting schedule and endeavors to realize full participation of all members and coordinates activities. Such endeavors include distributing information materials before meetings to ensure members are fully prepared to conduct thorough reviews and deliberations.

(2) Audit & Supervisory Board member numbers, composition, and term of office

In order to perform their role and duties, the Audit & Supervisory Board members, number of which shall not exceed seven, as stipulated in the Articles of Association compose the Audit & Supervisory Board. In accordance with the Companies Act, the majority of Audit & Supervisory Board members are outside directors, which strengthens their independence from management.

The Group enhances effectiveness of monitoring by ensuring diversity among Audit & Supervisory Board members through the organic combination of information gathering

capabilities, Audit & Supervisory Board member independence, and full-time employment as well as stronger cooperation with accounting auditors and the inclusion of Audit & Supervisory Board members with accounting-related knowledge.

To ensure independence from management, and in accordance with the Companies Act, Audit & Supervisory Board members' term of office expires at the conclusion of the General Meeting of Stockholders in the final fiscal year that ends within four years of their appointment.

5. Nomination and Compensation Committee

The Nomination and Compensation Committee is established as an advisory organ to the Board of Directors intended to improve transparency and fairness regarding director and executive officer nomination and compensation.

(1) Role of the committee

The committee sets director and executive officer appointment policy and appointment standards, determines individuals to propose as candidates, conducts director and executive officer evaluations and submits recommendations to the Board of Directors for director compensation amounts and the compensation structure, and contributes to the appointment and treatment of subsidiary directors based on the subsidiary business content and scope.

In addition, the committee conducts the Group CEO performance evaluation to improve the transparency of corporate governance.

(2) Committee structure

The committee is comprised of members appointed from the Company's directors with outside directors representing the majority of members in order to ensure the independence and neutrality of the members. The committee chairperson is an outside director elected by the committee members.

6. Business Owner System

The Group adopts a Group management system where the heads of each business segment (domestic P&C insurance, domestic life insurance, nursing care & healthcare, and overseas insurance) are delegated authority as business owners for business strategy proposals, investment decisions, and talent deployment. Under the system, the business segments, which are closer to customers, will cope with major environmental changes through agile decision-making and business execution.

The Group CEO and Chief Officer such as Group CFO, CRO, CIO and CDO realize cross-functional management among business segments. That enables the business segments to establish and strengthen their core-competence and organic and mutual links for entire group's improvement of corporate value.

7. Policies for Appointment of Officers

The appointment of directors, executive officers, and Audit & Supervisory Board members is conducted in accordance with the following policies for appointment of officers. Directors and executive officers are nominated by the Board of Directors based on discussions with the Nomination and Compensation Committee.

Furthermore, in the event that the Board of Directors' appointment of an Audit & Supervisory Board member is determined by resolution at the General Meeting of Stockholders, an opportunity will be provided in advance for the Board of Directors to discuss the candidate with the Audit & Supervisory Board to seek its approval.

(1) Policies for appointment of directors and Audit & Supervisory Board members

The Company supervises and guides its subsidiaries, formulating management strategies for subsidiaries engaged mainly in the P&C insurance business, as well as comprehensive management strategies for the entire Group. The Company is responsible for the execution and realization of these strategies.

From this perspective, the Board of Directors appoints directors based on familiarity with the Company's business, ensuring a balance between experience and achievements without bias for an area of specialization. To facilitate objective decision making with respect to management issues from a diverse and independent focus and perspective, the Board of Directors includes multiple outside directors with a wide range of knowledge and experience having backgrounds in corporate management, academia, and the legal profession.

The Audit & Supervisory Board consists of Audit & Supervisory Board members appointed on the basis of their solid knowledge of finance and accounting and in consideration of an overall balance of backgrounds such as those who have corporate management experience and the specialized knowledge related to legal profession, etc. Furthermore, the appointment of directors and Audit & Supervisory Board members is based on appointment criteria in consideration of Comprehensive Guidelines for Supervision of Insurance Companies.

The Group formulated outside director independence criteria as a standard for the appointment of outside directors and outside Audit & Supervisory Board members.

(2) Policies for appointment of executive officers

The Company formulated a “desired image for executive officers” and “Policies for appointment of executive officers” to identify the basic skills and qualifications required and define the balance between experience and achievements when appointing executive officers. In compliance with the policies, executive officers are appointed.

8. Policies for Training of Officers

To facilitate a detailed understanding of the business environment surrounding the Company, training is conducted for newly appointed outside directors and outside Audit & Supervisory Board members covering a variety of topics, including the current state of the Company and the P&C insurance industry, risk management, overseas businesses, and the life insurance business. Outside directors also continuously and practically enrich their understanding of our businesses through the various opportunities of communication with business departments. In addition, corporate officer study groups are held regularly for executive directors so they can acquire knowledge outside their areas of responsibility. Executive directors and Audit & Supervisory Board members also attend seminars and meetings held by various associations and organizations and participate in executive training.

In addition to executive officers, the aforementioned training cultivates management-oriented thinking and leadership through education programs in conjunction with outside specialized companies with the intent of cultivating the next generation of managers.

9. Policies on Decisions pertaining to Compensation for Officers

Compensation for directors, executive officers, and Audit & Supervisory Board members shall in the case of compensation of directors and executive officers be determined by the Board of Directors after consultation with the Nomination and Compensation Committee, and in the case of compensation of Audit & Supervisory Board members be determined through discussion between the Audit & Supervisory Board members, in accordance with the policies on decisions pertaining to compensation for officers.

(1) Basic policy

Compensation for directors and executive officers shall be in the form of a compensation structure that gives them continuous incentive toward improving the Company's performance and contributes to improving corporate value over the long term, and shall be a level of compensation that enables recruiting of superior human resources, as indicated in items (2) and (3) below. Objectiveness and transparency will be achieved by determining the specific level after deliberation by the Nomination and Compensation Committee composed primarily by outside members.

In principle the same structure shall be used for the structure of compensation of directors and executive officers of subsidiaries.

Compensation of Audit & Supervisory Board members shall be in the form of a compensation structure and level that is consistent with their duties and responsibilities, while taking into consideration their independence.

(2) Compensation for directors

Compensation of directors shall consist of basic compensation and stock compensation-type stock options.

Basic compensation shall consist of monthly compensation and performance-linked compensation. Monthly compensation shall be determined at a fixed amount depending on whether the person is an outside or internal director, or does or does not have authority to represent the Company.

Performance-linked compensation shall be determined in accordance with the performance of the Company, and shall be determined using the benchmarks of the adjusted consolidated profit, net income for the period (consolidated) and the rate of increase or decrease in net assets per share.

Stock compensation-type stock options shall be awarded in order to increase the linking between compensation and increases in corporate value over the long term. Nevertheless, stock compensation-type stock options and performance-linked compensation will not be paid to outside directors.

Compensation as a director and compensation as an executive officer shall be totaled and paid together to those directors who are serving concurrently as executive officers.

(3) Compensation for executive officers

Compensation of executive officers shall consist of basic compensation and stock compensation-type stock options. Basic compensation shall consist of monthly compensation and performance-linked compensation. Monthly compensation shall be determined at a fixed amount based on the position of the executive officer. Performance-linked compensation shall be determined in accordance with corporate performance and individual performance. Corporate performance-linked compensation shall be determined using the benchmarks of the adjusted consolidated profit, net income for the period (consolidated) and the rate of increase or decrease in net assets per share. Individual performance-linked compensation shall be determined in accordance with the performance evaluation of executive officers.

Stock compensation-type stock options shall be awarded in order to increase the linking between compensation and increases in corporate value over the long term.

(4) Compensation for Audit & Supervisory Board members

Compensation of Audit & Supervisory Board members shall be determined at a fixed amount through discussion between the Audit & Supervisory Board members, depending on whether the Audit & Supervisory Board member is full time or part-time.

10. Information Disclosure

The Company fulfills its responsibility to explain to stakeholders financial and non-financial information, including management strategies, risks, and governance, through timely, appropriate, equitable, and accurate disclosure. Disclosure systems, including internal rules, shall be established to ensure that essential information is supplied appropriately and promptly. As one aspect of this, the Disclosure Committee shall be established to discuss material issues regarding disclosure.

11. Supervision Policies for Group Companies

To improve the entire Group's corporate value, the Company shall take steps to supervise the entire Group under the business owner system. To achieve the above, the Company shall establish structures, including internal rules, to ensure its ability to conduct appropriately the business management of companies within the Group.

The Company shall formulate a common management vision and basic policies for the Group and notify these among Group companies. It shall supervise Group companies' management through monitoring and other means. The Company shall also establish appropriate systems, including risk management systems, regulatory compliance systems, conflict of interest control systems, customer information management systems, and internal audit systems, in order to ensure effectiveness of the internal control systems of Group companies.

Group companies shall formulate their own basic policies and business plans on the basis of the Group's basic policies and plans.

Corporate Governance Report of Sompo Japan Nipponkoa Holdings, Inc. (abridged)

The corporate governance of Sompo Japan Nipponkoa Holdings, Inc. (the “Company”) is described below.

I. Basic Views on Corporate Governance, Capital Structure, Corporate Profile and Other Basic Information

1. Basic Views

(1) Management Philosophy etc.

Sompo Japan Nipponkoa Group (hereinafter “the Group”) has established the following Group Management Philosophy, Group Action Guidelines, and Group Vision.

Group Management Philosophy

We will at all times carefully consider the interests of our customers when making decisions that shape our business. We will strive to contribute to the security, health, and wellbeing of our customers and society as a whole by providing insurance and related services of the highest quality possible.

Group Action Guidelines

To provide the highest possible quality of service to our customers we will:

1. treat each and every customer with sincerity, and act in the knowledge that our every action as an individual shapes our entire reputation as a company;
2. act with initiative, set ourselves the highest goals, and always learn from our actions;
3. strive to be both prompt and clear in our dealings and activities; and,
4. act with the utmost integrity.

Group Vision

Our goal is to always be the best customer service provider both at home and abroad.

(2) Basic Views on Corporate Governance

Following the principles of the Group management philosophy, the Group considers value creation for stakeholders in the administration of its business and maintains and enforces the Group Action Guidelines as the standard of behavior for the Group employees in Japan and worldwide with the business objectives of realizing sustainable business growth to increase corporate value and fulfilling its mission to be the best customer service provider both at home and abroad.

The Group considers continually improving the transparency and fairness of the Group’s corporate governance and fulfilling its corporate social responsibility as essential to maintaining strong relations of trust with stakeholders. The Board of Directors has accordingly established the Corporate Governance Policy to clarify basic policies regarding the formation of the overall vision for the governance structure and the governance framework. We continue to improve our corporate governance and aim the best.

The Group has elected to be a company with *Kansayaku* Board and maintains and promotes effective oversight and auditing functions using a system of corporate governance comprising the Board of Directors, which makes important management decisions and oversees business execution, and *Kansayaku* and a *Kansayaku* Board that are independent from the Board of

Directors. The Group also utilizes the business owner system and executive officer system to enable swift decision-making and to ensure the clarity of authority and responsibility.

The Board of Directors sets the Basic Policy on Internal Controls, which serves as the foundation for the Basic Policy for Group Management. These policies provide the framework for a highly transparent governance structure for the Company and Group companies. To ensure transparency in the appointment and treatment of directors, the chairman and a majority of the members of the Nomination and Remuneration Committee, an advisory organ to the Board of Directors, are outside directors.

(3) View on the Corporate Governance Code

We understand that the Corporate Governance Code (the “Code”) is established in order to contribute to company’s sustainable corporate growth and the increase of corporate value in the medium term by improving the system for transparent, fair, prompt, and decisive decision-making based on the perspective of all stakeholders, including the company’s stockholders, customers, employees and local communities.

In the spirit of the Code, the Group constantly seeks to improve its corporate governance to promote the Group’s ongoing growth and the enhancement of corporate value in the medium term.

[Reasons for Non-compliance with the Principles of the Corporate Governance Code]

The Group complies with all principles of the Code.

[Disclosure Based on the Principles of the Corporate Governance Code]

Principle 1.4 Cross-Shareholdings

Policy on Cross-Shareholdings

-The Company’s subsidiary Sompo Japan Nipponkoa Insurance Inc. engages in cross-shareholdings for the purposes of receiving investment return in the form of dividend income and share price appreciation, fortifying relations with the insurance sales channels and business partners, and maintaining and strengthening insurance transactions with corporate clients.

-The Board of Directors annually examines the rationale for continuing to maintain the primary cross-shareholding accounts. The examination considers the future use of the shares based on the cross-shareholding objectives, such as supporting insurance transactions and strengthening alliances, reviews the long-term outlooks for unrealized gains from value appreciation and the share value, and sets quantitative risk and return assessment benchmarks for the associated insurance transactions and share values.

-As part of the Group’s capital policy, the Company implements a management policy of allocating a portion of the capital buffer realized from the continuous selling of cross-shareholdings to growth business investment, such as overseas M&A, to support the maintenance of financial soundness and improve capital efficiency. These activities are conducted in accordance with the midterm and annual retention and disposal plans for cross-shareholdings established by the Board of Directors. Exercising voting rights for cross-shareholdings

-The Company’s subsidiary Sompo Japan Nipponkoa Insurance Inc. maintains a Policy for Conformance to the Japanese version of the Stewardship Code. The Policy for the Exercise of Voting Rights and the execution results are as follows.

Sompo Japan Nipponkoa Insurance Inc.: Policy for Conformance to the Japanese version of the

Stewardship Code (abridged)

1. Basic Policy on Exercise of Voting Rights

Sompo Japan Nipponkoa Insurance Inc. exercises its voting rights following a basic policy of supporting the sustainable growth of the invested company and as deemed appropriate in consideration of the invested company's activities to address environmental issues, corporate governance status, compliance structure, and other areas.

2. Policy on Discussions

The discussion of items considered as requiring careful examination from various perspectives, such as the significance related to raising corporate value, includes a thorough examination of the purpose and objectives.

Final decisions for such discussion items are determined based on the dialogue with the invested company and other information. Items given special attention include the following.

- (1) Transfer of important assets
- (2) Share transfers related a merger or wholly owned subsidiary
- (3) Provision of retirement benefits to officers of companies with a capital deficiency or poor business performance
- (4) Capital increase from a third-party allocation with an advantageous placement
- (5) Introduction of hostile acquisition defensive measures

3. Disclosure of exercising the right to dissent

Sompo Japan Nipponkoa Insurance Inc. believes it is important to conduct constructive dialogue and as deemed necessary provide risk management to raise the corporate value of invested companies and promote damage prevention and sustainable growth. As such, Sompo Japan Nipponkoa Insurance Inc. believes that merely tabulating the exercise of voting rights does not necessarily accurately represent the Sompo Japan Nipponkoa Insurance Inc.'s responsibility for stewardship and therefore discloses information associated with the exercise of voting rights, including cases of exercising the right of dissent.

Principle 1.7 Related Party Transactions

When the Company engages in transactions or other dealings defined as a related party transaction, the Company conducts proper oversight, which shall include consulting with experts as considered necessary and presenting the transaction for approval and/or reporting the transaction at the Board of Directors Meeting attended by outside directors and outside *kansayaku* in compliance with all laws, regulations, and Company internal rules. The execution of such a transaction shall be properly disclosed as a material fact base as stipulated by law.

Principle 3.1 Full Disclosure

The Company has established the Group Management Philosophy, Group Action Guidelines, and Group Vision and publically communicates its management strategy and medium-term management plans to realize the vision for the corporate group.

The basic philosophy on corporate governance is based on the principles of the Corporate Governance Code, which are presented in the section "1. Basic Views, (2) and (3)" of this report.

The decision-making policy and process for setting director remuneration amounts are presented in "9. Policies on Decisions pertaining to Compensation for Officers" of the Corporate Governance Policy.

The reasons for selecting a candidate for director are presented in the Reference Documents for General Meeting of Stockholders provided with the "Notice of Convocation of the

General Meeting of Stockholders.”

Supplementary Principle 4.1.1 Roles and Responsibilities of the Board (Scope and content of matters delegated to management)

The roles and responsibilities of the Company’s Board of Directors are stipulated by law and the Articles of Incorporation, and matters to be resolved the Board of Directors Meeting are stipulated in the Company’s “Rules and Regulations for the Board of Directors.” Decisions regarding other matters of business execution are delegated to management such as the Group CEO and business owners, and the content of such matters is clearly stipulated in the internal rules, including the basic policies and the managerial decision rules.

Principle 4.8 Effective Use of Independent Directors

The Company maintains a structure comprising eight internal directors involved in the execution of business and appoints an additional four outside directors. At present, the number of independent outside directors is one-third or higher of the total.

The Company appoints outside directors with experience as corporate managers, academicians, lawyers, and other professions and with extensive knowledge in such areas as information and communications technology, overseas operations, compliance, CSR, and retail (practical experience) to provide active and meaningful guidance for the execution of the Group’s management strategies.

Principle 4.9 Independence Standards and Qualification for Independent Directors

The Company has established “Standards regarding Independence of Outside Directors / *Kansayaku*” based on the recommendations of the Nomination and Remuneration Committee and by resolution of the Board of Directors in accordance with the standards required for Financial Instruments Exchange.

The Company selects individuals with experience as corporate managers, academicians, and lawyers and with extensive knowledge in a wide range of fields with the aim of enabling valuable discussion incorporating objective and multiple viewpoints and perspectives on the Group’s management strategy and management issues. The independent outside directors contribute to frank, active, and constructive deliberations and discussions at meetings of the Board of Directors and meetings of the Nomination and Remuneration Committee.

Supplementary Principle 4.11.1 Policy and Procedure regarding the Board of Directors Skillset and the Appointment of Directors

The Company’s views on the overall balance of knowledge, experience, and capabilities and the diversity and scope of the Board of Directors as well the policy and procedure for selecting a candidate for director are presented in sections “3. Directors and Board of Directors” and “7. Policies for Appointments of Officers” of the Corporate Governance Policy.

Supplementary Principle 4.11.2 Concurrent Positions of Directors and *Kansayaku*

In the event a director or *kansayaku* would be holding a concurrent position at another company, the Board of Directors determines the appropriateness of the appointment upon verifying the appropriateness of such positions as stipulated by law and by verifying the business content, volume of duties, and other conditions of the concurrent position. The Company seeks candidates with minimum of concurrent positions.

Supplementary Principle 4.11.3 Evaluation of the Effectiveness of the Board of Directors

The Company conducts “Evaluations of the Effectiveness of the Board of Directors.”

For the appointment of individuals for directors, the Board of Directors considers the balance of experience and record of the director in their field of expertise and that it does not present a bias with the core operations of the Company. Individuals appointed to be outside directors are considered for their wide-ranging knowledge and experience in various fields. For the appointment of individuals for *kansayaku*, the Board of Directors considers the overall balance of elements including the appropriateness of their financial and accounting knowledge and their experience and knowledge of corporate management and legal issues. The Company evaluates that through the configuration described above the Board of Directors fulfills its function fully and improves effectiveness through measures including “holding integrated Board of Directors meeting and preliminary briefing session” and “holding meetings with open and unrestricted discussions” to ensure the Board fulfills fully its supervisory function and function to encourage appropriate risk taking in the execution of business.

The Board of Directors endeavors to continually enhance the effectiveness of the Board guided by reflecting on whether its actions are functioning to promote the Company’s sustaining growth and increase corporate value in the medium-term.

Supplementary Principle 4.14.2 Policy on Director and *Kansayaku* Training

The Company’s policy on training directors and *kansayaku* is presented in section “8. Officers Training Policy” of the Corporate Governance Policy.

<http://www.sompo-hd.com/en/company/governance/overview/policies/>.

Principle 5.1 Policy for Constructive Dialogue with Stockholders

The Company, to a reasonable extent, proactively responds to requests from stockholders and engages in positive and constructive dialogue.

To further promote constructive dialogue with stockholders, the Board of Directors decides the matter for carrying out the IR framework and IR activities. The Company sets an Investor Relations Action Plan and reports to the Board of Directors in addition to the summary of last year.
