## Commencement of Automobile Repair & Maintenance Business in Indonesia

Sompo Holdings, Inc. (Group CEO Representative Director: Kengo Sakurada) hereby announces that PT Indomobil Sompo Japan, a joint venture company established by Sompo Holdings, Inc. and PT Indobuana Autoraya (Indomobil Group; one of the largest automobile distributors in Indonesia), will commence an automobile repair and maintenance business. As the first step, it will open its first body repair and paint workshop AUTOGLAD on 1st August in Bekasi, Jawa Barat, Indonesia.

### 1. Background

Indonesia is the largest market for new vehicle sales in Southeast Asia (based on 2015 statistics) and its aftermarket of services such as vehicle maintenance is expanding rapidly with an increase of new vehicle sales.

The Sompo Holdings Group has accident assessment techniques for automotive insurance and cutting-edge vehicle repair technologies developed through operation of the Sompo Japan Nipponkoa Osaka Automotive Research Centre, which boasts some of Japan's most advanced repair facilities.

The technical skill of the Sompo Holdings Group and the local brand power of the Indomobil Group will be leveraged to offer high-quality technical skill and customer service. We aim to bring safety and peace of mind to Indonesian customers and contribute to further development of the automobile repair and maintenance business in Indonesia.
