Sompo Holdings, Inc. Recognised for Leadership on Climate Action

Sompo Holdings, Inc. (President & CEO: Kengo Sakurada, hereinafter “Sompo Holdings”) has been awarded a position on this year’s Climate A List for the second consecutive year by CDP, the non-profit global environmental disclosure platform. The Climate “A List” is to be given a company assessed as one of the global leaders, who take distinctive and excellent actions in responding the global climate change. The 2017 Climate A List is comprised of 112 global companies, and 13 Japanese companies are selected.

CDP leverages investor and buyer power to motivate companies to disclose and manage their environmental impacts. CDP drives companies and governments to reduce their greenhouse gas emissions, safeguard water resources and protect forests. Over 6,300 companies in the world disclosed environmental data through CDP in 2017.

Sompo Holdings is among 5% of companies participating in CDP’s climate change program to be featured on the 2017 Climate A List. This is in recognition of its actions in the last reporting year to cut emissions, mitigate climate risks and develop the low-carbon economy.

As a corporate group dedicated to providing “security, health, and wellbeing,” Sompo Holdings has established a Group CSR Vision, Group Environmental Policy, and Group Sustainable Procurement Policy to address climate change. Also, Sompo Holdings is implementing a variety of initiatives in regard to climate adaptation and mitigation throughout the value chain. By providing new solution, we will contribute to developing a climate resilient society.
