Sompo Holdings, Inc. Recognised by CDP for Leadership on Climate Action  
for the Fourth Consecutive Year

Sompo Holdings, Inc. (President & CEO: Kengo Sakurada, hereinafter “Sompo Holdings”) has been awarded a position on this year’s Climate A List for the fourth consecutive year by CDP, a global non-profit.

CDP leverages investor and buyer power to motivate companies to disclose and manage their climate-related risks and opportunities. CDP drives companies to reduce their CO<sub>2</sub> emissions, safeguard water resources and protect forests.

For details, please visit the website of CDP. <https://www.cdp.net/en>

The Climate A List is to be given a company assessed as one of the global leaders, who take distinctive and excellent actions in responding the global climate change. Over 8,400 companies in the world disclosed environmental data and initiatives through CDP in 2019 and the Climate A List is comprised of 179 global companies, and 38 Japanese companies are selected.

As a corporate group dedicated to providing “security, health, and wellbeing,” Sompo Holdings is implementing a variety of initiatives by providing products and services. As climate adaptation, we provide weather index insurance through “AgriSompo,” an integrated global underwriting platform for agricultural businesses, and provide disaster risk reduction services and insurance for local governments. As for climate mitigation, we provide products and services for promoting renewable energy and technologies for reducing CO<sub>2</sub> emissions.

We will contribute to developing a climate resilient and sustainable society.
